

Snow & Wycliffe Big Head - Saturday 7th February

The event is currently on and I intend that we will race as long as we can safely travel to and from the event. However, further snowfall is due later this week and there can be no certainty that the event will go ahead. I will send an email and post notice of any cancellation on the website as soon as I am aware. No news means the event is on.

If we do not race at Wycliffe, I intend to enter Worcester Head instead. The event is on our calendar and was originally intended as a reserve event in case of bad weather! The event is on Sat 21st February (the 2nd Saturday of half term). I normally assume availability unless otherwise stated, but this is a half term event which is unusual for us. Can ALL athletes (whether due to race at Wycliffe or not) confirm whether they can race at Worcester as soon as possible, so I can make an entry as soon as we have news of Wycliffe's status. We can expect Worcester to be oversubscribed very quickly if Wycliffe is cancelled. We will probably do several sessions during half term as preparation for the Worcester event, so also let me know if you are away over the half term. All the same events are offered for Worcester as at Wycliffe, so I would like to enter very similar/identical crews where possible.

Snow & Training during the rest of this week

All sessions are ON if school is open, although I understand that some athletes may be unable to make sessions due to the weather/transport. If school is off, I am happy to consider running outings for whole crews, if athletes contact me directly.

Regards

DC

PS My snowman was bigger than Archie!
