

National Junior Sculling Head - Monday 9 March

What a day! Great efforts by all the crews to produce the best racing performances of the season so far. We had three top 10 finishes, exceeding our previous best by some margin. The Winter is now over...bring on the Summer racing!

Half Marathon - Sat 14 March

A huge well done to everyone who ran/walked/supported. It was a very successful day for the club and the fund raising will help to ensure MCSBC's success over the coming year.

Copies of sponsor forms already collected will be available from me on Monday with 2 bags. One bag is for money collected by the end of the week and the final bag to be handed in by the beginning of the last week of term with the remainder of the money raised. If I do not have your form, please bring it to me on Monday morning!

I would prefer that athletes do not carry large sums of money around school and suggest (if parents are willing), that parents bank the money raised and send in a cheque for the total payable to "Friends of MCSBC".

Wales Junior Women's Trials - Sunday 15 Mar

An excellent day's racing with five of our senior girls' squad racing in the first of two trials for this team. I was very pleased with the results and I received a number of very positive comments on the quality of our girls who were racing. Our girls finished 1st, 5th, 8th, 9th & 10th out of the 15 girls racing in single sculls Division 1, with several stronger performances in the second division. The final trials are in June and attendance is by invitation only. I'm sure more girls will emerge over the Summer, but we made our mark!

Junior Inter-Regional Regatta

I am delighted to announce that the J16 4x (Joe Warmington, Dave Harris, Tom Scrivens & Oli Usher) has been selected to represent Wales/West of England at the Junior Inter-Regional Regatta on Sunday 19 March, following their performance at the National Junior Sculling Head.

Georgia Hancock has been selected for the team as the WJ16 1x, following the results of Wales Junior Women's Trials, which she won.

And Finally...

The annual school magazine is being compiled and Kat is coordinating the MCSBC section. She is keen to hear from members or parents with interesting ideas for this year's content about the rowing club & its activities. She can be reached at captain@mcsbc.co.uk.

Regards

DC
